

# Women's Mental Health Info Session

Friday, September 17, 2021

RHJ VAMC

Welcome!

Katie Rider Munday, Ph.D.,  
Women's Mental Health Champion

Contact info: 912-408-  
2903/2914/2916

# Current Women-Only Groups

## Women's Empowerment Group

- Wednesdays 830-945
- A different topic is addressed weekly with a focus on developing healthy behaviors and a balanced view of intimacy, as well as increased empowerment

## Women's Stress Management Group

- Thursdays 1300-1400
- Skills-building and discussion-based class focused on improving stress management techniques and connecting with other women on common issues and coping strategies

## Women-Only Group Options

### Women's Health and Healing After Trauma

- Thursdays 1300-1400
- Group for female survivors of sexual trauma designed to enhance trauma recovery skills with an emphasis on overall health and wellbeing

### Women's Chronic Pain Management Group

- Wednesdays 1030-1130
- A Cognitive Behavioral Therapy for Chronic Pain (CBT-CP) group for Women Veterans with a special emphasis on chronic pain issues and management strategies specific to women

# Women-Only Group Options

- Women's MST Group
  - Tuesdays 1-2 pm
  - Open-ended support group with a focus on specific topics related to MST (e.g., managing relationships, sleep, anger; coping with distress; unhelpful thinking traps, etc.)
  - Currently available to SC residents only

## Group Referrals

---

You must be a current RHJ patient  
to attend these groups

---

Please contact your current  
primary care and/or mental health  
provider to request referral

# Eligibility

- If you are not a current VA patient and desire to pursue care, please contact:
  - <https://www.va.gov/health-care/how-to-apply/>
  - <https://www.ebenefits.va.gov/ebenefits/homepage>
  - Call toll free: 1-877-222-8387

# Military Sexual Trauma

---

Nicole A. Sciarrino, PsyD

PTSD Clinical Team/MST Coordinator

Ralph H. Johnson VA Medical Center

Nicole.Sciarrino@va.gov

843-789-6735

# What is MST?

---

- Military Sexual Trauma (MST) is:
  - Sexual assault
  - Threatening sexual harassment that occurred during a person's military service
- Both males and females are affected by MST
  - About 1 in 3 women Veterans have told their VA provider that they have experienced MST

# Who is most likely to experience MST?

---

- Younger age
- Enlisted rank
  - Lower enlisted rank
- Negative home life
- Previous assault history

# Disclosing MST to VA Providers

---

- Many women Veterans who have experienced MST often do not feel comfortable disclosing this information to their VA provider.
- Disclosure is important – VA is here for you!
  - *Treatment for MST-related difficulties is **FREE**.*
  - *Some Veterans may be eligible for MST-related care even if they are deemed ineligible for other types of VA care!*
  - *You can receive MST-related care regardless of whether you have an MST disability rating*

WE BELIEVE  
YOU AND  
**WE BELIEVE  
IN YOU**

# WOMEN

You are not alone in overcoming military sexual trauma

**Military Sexual Trauma (MST)** is sexual assault or sexual harassment that occurred during a Veteran's military service:

- Being threatened or pressured into sexual activities, such as with threats or promises of better assignments
- Sexual contact without your consent, such as when asleep or intoxicated
- Being physically forced to have sex
- Being touched in a way that made you uncomfortable
- Repeated comments about your body or sexual activities
- Threatening and unwanted sexual advances

**One in four women Veterans** says she experienced MST when asked by a Department of Veterans Affairs (VA) provider.

Women Veterans of

**ALL BACKGROUNDS**

have experienced MST, independent of factors such as era of service, age, race, rank, or sexual orientation.

There may have been times in life when you were treated badly because you are a woman. Experiencing MST may have felt like one more sign you didn't matter. Because of that, you also may worry that you won't be believed if you speak up. **WE BELIEVE YOU.**

## CONCERNS COMMONLY REPORTED BY WOMEN WHO HAVE EXPERIENCED MST

**MST IS NEVER YOUR FAULT**

## THERE ARE MANY PATHS TO HEALING FROM MST. VA CAN HELP.

- VA has free MST-related services for Veterans
- No documentation of the MST experience is needed to get care
- You may be able to receive MST-related services even if you are not eligible for other VA care
- Every VA has an MST Coordinator to help you access services and resources
- Contact your local VA health care facility and ask to speak to the MST Coordinator for more information

Both women and men can experience MST. Visit [www.mentalhealth.va.gov/msthome.asp](http://www.mentalhealth.va.gov/msthome.asp) to learn more about the MST-related recovery programs and services for women and men at VA.

# Common Difficulties Following MST

Greater severity of mental health symptoms

PTSD

Depression

Anxiety

Alcohol & drug abuse

Suicidal thoughts

Physical symptoms, chronic health conditions, and impaired health status

Pelvic pain & sexual dysfunction

Menstrual problems

Headaches

GI symptoms

Chronic fatigue

# Treatment Options

---

- Although there is no specific MST clinic/program at the Ralph H. Johnson VA Medical Center, providers across the hospital are trained in helping Veterans work through the MST event(s).
  - MST-related care is also available through your local Vet Center (North Charleston, Savannah, Myrtle Beach)
- **No specific treatment for MST**
- Individual therapy for depression, anxiety, PTSD, eating disorders, etc.
- Psychotherapies that include coping skills
- Couples or family therapy
- Group therapy
  - **MST-specific options available!**

## MST-Specific Group Offerings at Ralph H. Johnson VA Medical Center

### Women's MST Group Tuesdays @ 13:00

**About:** This group reviews specific topics related to MST and recovery from trauma (e.g., managing relationships, sleep, anger; coping with distress; unhelpful thinking traps) and provides opportunities for group members to discuss current stressors, provide support and encouragement to one another, and share aspects of their journey/ recovery. Specific details of sexual trauma are not discussed.

**Who is eligible?** Any woman Veteran residing in South Carolina.

### Women's Empowerment Group Wednesdays @ 08:30

**About:** This group contains 11 sessions. During each meeting, the group will address a new topic that will assist in supporting healthy behaviors, a balanced view of intimacy and sexuality, and focus on self-empowerment. Completion of practice assignments between sessions is an essential part of this group. In this group we will not discuss specific details of any individuals' experience of sexual trauma, rather we will discuss common reactions to sexual assault, with a focus on the negative impacts on intimacy and sexuality.

**Who is eligible?** Veterans interested in this group must have completed/ be enrolled in some form of structured individual therapy, have a mental health provider (do not have to be seeing them weekly), and have a diagnosis of PTSD or trauma/stressor related disorder.

### Women's Health & Healing After Trauma Thursdays @ 13:00

**About:** This 15-week group is for female survivors of MST and is designed to enhance trauma recovery skills with an emphasis on overall health and wellbeing. Topics will include managing emotions, physical health, relationship and intimacy issues, boundary setting, and body image.

**Who is eligible?** Veterans interested in this group must have a mental health provider (do not have to be seeing them weekly).

### Women Veteran's Resiliency and Art Therapy Workshop

**Every other Tuesday @ 18:30**

**About:** The American Red Cross, in partnership with the RHJVAMC, is pleased to offer a 6-week virtual workshop series for female Veterans who have experienced MST to help address stress management and self-care while juggling all the complexities of life during these unprecedented times. Each workshop session will include a live, facilitated discussion and provide participants with multiple opportunities to share with other Veterans, learn and practice new skills and resiliency techniques (e.g., stress management, effective communication, relating to children), ask questions and express unlimited creative potential.

**Who is eligible?** Women Veterans who have experienced MST and have a diagnosis of PTSD.

### Men's Resiliency and Art Therapy Workshop Every other Tuesday @ 18:30.

**About:** The American Red Cross, in partnership with the RHJVAMC, is pleased to offer a 6-week virtual workshop series for female Veterans who have experienced MST to help address stress management and self-care while juggling all the complexities of life during these unprecedented times. Each workshop session will include a live, facilitated discussion and provide participants with multiple opportunities to share with other Veterans, learn and practice new skills and resiliency techniques (e.g., stress management, effective communication, relating to children), ask questions and express unlimited creative potential.

**Who is eligible?** Male Veterans who have experienced MST and have a diagnosis of PTSD.

WE BELIEVE  
YOU AND  
WE BELIEVE  
IN YOU

## MST-Specific Group Offerings at the Vet Centers

In addition to services at RHJVAMC, Veterans with a history of MST are eligible for individual, group, and family therapy at their local Vet Centers (i.e., North Charleston, Myrtle Beach, and Savannah). In order to begin attending a group at the Vet Center, they must call and schedule an initial intake and complete several pre-treatment sessions to aid in identifying most appropriate group options, discuss group rules, etc.

Below are a list of current MST group options for both men and women, depending upon the site. Not all sites have group options for both men and women Veterans; however, some sites (e.g., Myrtle Beach) are offering groups virtually and for the time being will accept referrals for anywhere in the RHJVAMC catchment area (e.g., SAV, HNV)!

**North Charleston:**  
3625 W Montague Ave  
North Charleston, SC 29418  
Ph: (843) 789-7000

### Women's Empowerment ("Navigating through trauma") Group - Thursdays @ 16:30

**About:** A weekly support Group for female Veterans designed to facilitate healing through self-expression and self-empowerment in a non-judgmental and non-threatening atmosphere.

**How to refer:** Please contact Sharon V. Frazier, LMSW, ACMSW, Readjustment Counselor, at 843-789-7000. Note: This group is not specific for Veterans who have experienced MST; however, eligibility criteria include: combat exposure or MST.

**Savannah:**  
321 Commercial Dr., Savannah, GA 31406  
Ph: (912) 961-5800

### Women's MST Group

**About:** This open group addresses the common reactions that many women experience following an MST event. The group enhances coping skills, provides MST-specific resources, and addresses different topics each week (e.g., emotion regulation, interpersonal functioning, mental health difficulties). Because the group is open, and ever-changing, women can continue to participate for as long as is required.

**How to refer:** Please call the Savannah Vet Center and express interest in joining the Women's MST group!

# G4V

Veterans shouldn't have to face  
the challenges of PTSD in  
silence or alone.

Through the teamwork and  
camaraderie of Guitars for Vets,  
they can join a community  
where they learn to play guitar  
and find solace in the songs  
they love as well as the songs  
they have yet to write.

\*Ask your provider to email me for application\*

# SUICIDE PREVENTION OVERVIEW: WOMEN'S MENTAL HEALTH OUTREACH EVENT

---

RALPH H. JOHNSON VA MEDICAL CENTER

9/17/21

JEN WRAY, PHD

SECTION CHIEF- SUICIDE PREVENTION

# A LITTLE HOUSEKEEPING BEFORE WE START:

---

- Suicide is an intense topic for some people.
  - If you need to take a break, or step out, please do so.
  - Immediate Resources:
    - National Suicide Prevention Lifeline: 1-800-273-8255
      - Service members and Veterans should press 1 to connect with the Veterans Crisis Line.

# DATA: SUICIDE IN THE U.S.

---

- **National public health problem (as defined by CDC)**
  - 45,861 Americans died by suicide in 2018, including 6,261 Veterans.
- **Service member and Veteran issue**
  - The suicide rate for Veterans is 1.5 times the rate for non-Veteran adults
- **Veteran populations at risk**
  - Younger Veterans, Women Veterans, Veterans in a period of transition, Veterans with exposure to suicide, Veterans with access to lethal means

# WHAT IF YOU ARE CONCERNED ABOUT A FELLOW SERVICE MEMBER?

---

**S**

Signs of suicidal thinking should be recognized (e.g., hopelessness, anxiety/agitation/not sleeping/mood swings/anger, feeling there is no reason to live, engaging in risky activities, change in alcohol/substance use, withdrawing from others, looking for ways to harm self, talking about suicide)

**A**

Ask the most important question of all (“Are you thinking about killing yourself”)

**V**

Validate the Veteran’s experience (recognize the situation is serious, do not pass judgment, reassure that help is available)

**E**

Encourage treatment and Expedite getting help (Stay with the Veteran, call VCL, escort to local Emergency Room)

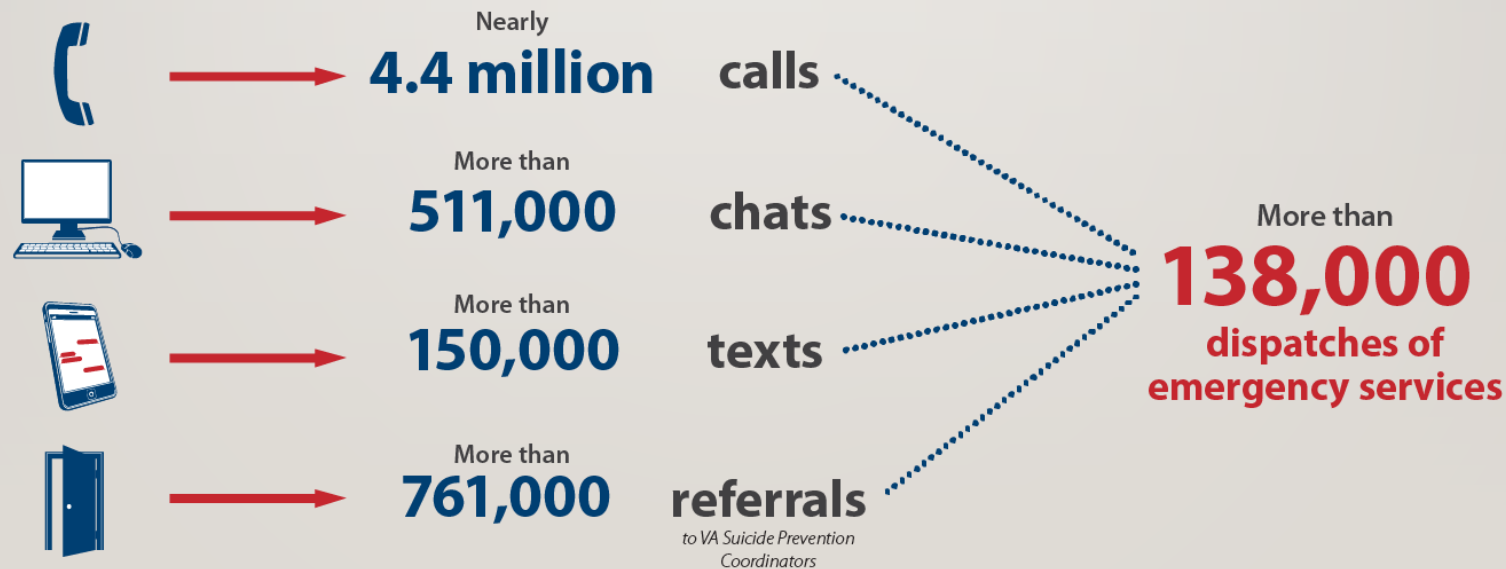

# WHAT IF YOU FEEL YOU NEED SOME ASSISTANCE?

---

- Talk with your primary care team
- Talk with your established Mental Health provider
- Call the TAP line : 843-789-6400
- Call, text, or chat the VCL: 1-800-273-8255
- Present to your local Emergency Department

# VETERANS AND MILITARY CRISIS LINE- FREE, CONFIDENTIAL SUPPORT 24/7/365

# RESOURCES

  - Warrior Surf

# Peer Support Services at RHJVAMC

Linda Carlson, LMSW

Peer Support Coordinator

# What is Peer Support?

- In general terms, peer support is a form of help provided by those who share common experiences.
- At the VA, Peer Specialists (PS) are individuals recovering from a mental health or substance use challenges who provide targeted services to others with similar conditions.
- Peer support is not like clinical support, nor is it about being friends. Peer support staff are trained to give support and to help others on their recovery journey.
- Peer support is founded on the key principles of respect and understanding of another's situation through the shared experience of emotional and psychological pain

# What is a Certified Peer Specialist

- A Veteran with the lived experience of a mental health/substance use challenge that is in recovery helping others who have a psychiatric diagnosis identify and achieve specific life and recovery goals.
- CPS incorporate their recovery experience as a way of inspiring hope, learning and practicing new skills, and modeling effective coping techniques, and achieving their personal goals.
- CPS is actively engaged in his/her own personal recovery.
- Participates in training and passes certification test for peer support.

# Who does MVCN serve?

- The MVCN serves caregivers of **all eras, stages of life, and relations**, across **all locations**.
- Caregivers play a vital role in supporting the recovery, rehabilitation, and reintegration of wounded, ill, and injured military servicemembers and veterans. The people who fill this role include:
- Spouses/partners
- Parents
- Siblings
- Children
- Family members
- Friends
- Battle buddies

# Charleston Vet Center

Presenter:

Brenda Richardson, VOPS

*(Veteran Outreach Program Specialist)*

To serve veterans and their families or significant others by providing a continuum of quality care that adds values for veterans, families and communities.

# Background

- Congress established Vet Centers in 1979 because a significant number of Vietnam combat and era Veterans were not accessing VA services at the same levels as Korean and World War II Veterans. Over the past 40 years, Veterans have used Vet Centers as a place for assistance as well as camaraderie.
- Vet Centers started began as a veteran peer counseling organization comprised of combat veterans helping veterans with readjustment challenges.
- Today, 300 Vet Centers employ Licensed Social Workers (LISW/LCSW), Licensed Professional Counselors, Licensed Family and Marriage Therapists (LMFT), and Psychologists (many who are combat veterans themselves or spouses) to work with readjustment issues that active duty, veterans, their families and significant others face after returning from a war zone or conflict.

# Eligibility

- If you are a Veteran or service member, including members of the National Guard and Reserve, you can access our services if you:
  - ■ Served on active military duty in any combat theater or area of hostility.
  - ■ Experienced military sexual trauma (regardless of gender or service era.)
  - ■ Provided mortuary services or direct emergent medical care to treat the casualties of war while serving on active military duty. ■ Served stateside during a national disaster as a member of the National Guard or Reserve.
  - ■ Participated in a drug interdiction operation as a member of the U.S. Coast Guard (regardless of location.) ■ Performed as a member of an unmanned aerial vehicle crew that provided direct support to operations in a combat theater or area of hostility.
  - ■ Accessed care at a Vet Center prior to January 2, 2013, as a Vietnam-Era Veteran. We encourage you to contact us, even if you are unsure if you meet these criteria. If we can't help you, we will find someone who will.
- Our services are also available to family members and loved ones when their participation would support the growth and goals of the Veteran or active-duty service member.

# Eligibility cont'd...

- **World War II:** 7 Dec 1941 to 31 Dec 1946
- **Korean War:** 27 Jun 1950 to 31 Jun 1955
- **Vietnam War:** 28 Feb 1961 to 7 May 1975
- **Lebanon:** 25 Aug 1982 to 26 Feb 1984
- **Grenada:** 23 Oct 1983 to 21 Nov 1983
- **Panama:** 20 Dec 1989 to 31 Jan 1990
- **Persian Gulf:** 2 Aug 1990 to –
- **Bosnia:** 21 Nov 1995 to 1 Nov 2007
- **Kosovo:** 24 mar 1999 to --
- **Somalia:** 17 Sept 1992 to –
- **OPERATION Joint Endeavor /Guard /Forge:** 24 Mar 1999 to--
- **Global War on Terrorism:** 11 Sep 2001 to—
- **Operation Enduring Freedom:** 7 Oct 2001 to--
- **Operation Iraqi Freedom:** 19 Mar 2003 to 17 Feb 2010
- **Operation New Dawn:** 17 Feb 2010 to--
